Information for patients and carers

YOUNG ADULT COMPLEX DISABILITY SERVICE

St Vincent's Young Adult Complex Disability Service is a specialised transition service for young adults with complex physical disabilities.

The role of our service is to help young adults with a complex physical disability, their families and carers move into adult health care.

We help adults manage their own healthcare, through:

- Specialist medical and allied health assessment and support
- Referral to other specialist services
- Goal-directed therapy
- Equipment assessment and advice
- Establishing links to GPs and local therapists

WHO CAN ACCESS THE SERVICE?

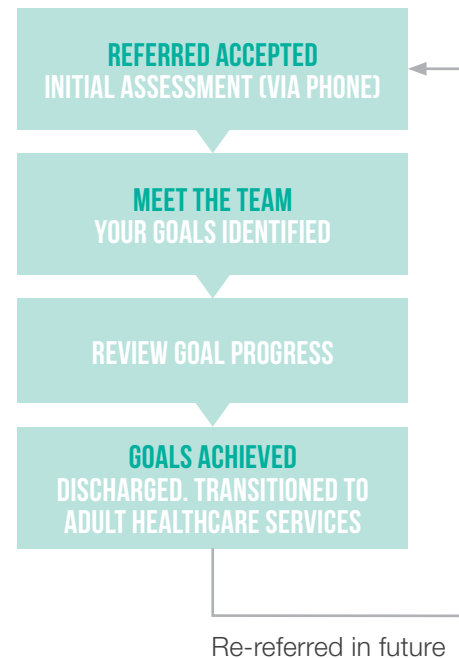

Our service is available to adults with a congenital or developmental disability, with complex medical and physical needs, acquired before the age of 10.

OUR TEAM

We have a range of health professionals including:

- Rehabilitation doctor
- Physiotherapist
- Occupational therapist
